**RESTARTS and TAG** It is necessary to restart the dance twice and to have a small (6-count) tag in order to meet the phrasing of this song. Both restarts will happen at the same point of the dance (COUNT 25) and both times you will have started on the rear (6:00) wall.

The 1st restart is on the forth wall (second time starting on the rear wall); dance the first 24 counts up to the POINT and restart the 5th wall facing 6:00.

The 2nd restart is on the 7th wall, which will be the next time you start on the rear, again dance only the first 24 counts and restart the 8th wall facing 6:00. At the end of the 8th wall you will be facing your front (12:00) wall; do the following 6-count tag before starting the 9th wall of the dance.
