REPEAT

/There are two tag sequences (each performed only once) in this dance. By listening to the music first, you will find it easy to find where these tags occur.

/The first tag is 16 counts and occurs during the first instrumental (piano) break. You will be facing your beginning (5th) wall. During this break, perform the first 16 counts and then begin the dance again.

/The second tag is 8 counts and occurs toward the end of the song. The tag is performed following a 32 count sequence which begins with the phrase "Hittin' that Stride One Foot In Front of The Other", repeated once, and ends when all instruments drop out except for the guitar and drums. That is where (facing 6 o'clock) you perform the first 8 counts and then begin the dance again.
