Choreographed to : Scott & Fran's Paso Doble

The Rhythm in a Flamenco and Paso Doble dance is a little different. It goes like this 1 (apel), 2 (clap), 3 (clap), 4 (apel) 5 (clap), 6 (clap) But not all sets of 6 start with an Apel in this dance. There isn't much & counts but, can be added for additional Flamenco Style (Doing a Double Apel before next movement with both feet (example: 1) Right, (&) Left, 2) Left 3) Right).

Choreographers note: This is another dance choreographed between the dates Oct. 25,2000 – Mar. 25,2001 which is now known as the "Leontine Court Sessions". I hope you enjoy this dance as much as my other ones from this time period. Thank You!!!
