**/This dance was originally choreographed as a four wall, 32 count dance and the music was "Riding Alone" by Rednex. Tornado's "Ghostriders" has the same feel, but a 48 count dance better fits the music, so the 48 count version of Saddle Up was created & included as an official dance in the accompanying CD booklet for the single "Ghostriders". If you want to dance Saddle Up to the Rednex track, simple ignore the last 16 counts and start the dance after the 1/2 left pivot turn. Which ever version you choose, enjoy the dance.**
