***RESTART NOTES FOR "MISS KISS KISS BANG":**

When dancing to "Miss Kiss" you will need to do the following to feel best with the music.

You must restart the dance on the 4th wall after count 16. Wall 4 is the first time you start on the 9 o'clock wall and this is an instrumental bridge (no vocals).

Dance to count 16 (you will be facing the 3:00 wall) then restart the dance from the beginning (the heel stand).

You will also need to do the following "middle-start" (sorry, no better name for it! ;) during the 10th wall (you will be facing the front wall when you do this). Dance to count 20 (after the two kick steps) and then restart at count 17 (with the kick steps...again!). You will now be doing 4 kicks steps in a row. Wall 10 is the third time you start on the rear wall. You will know to do this restart as you will hear tap dancing!
