The song was used in a British comedy TV show. The artists regularly compose music for television and movies. This extended single is available on I-Tunes but you have to look under Dan Skinner. The vocalist they used does not get credit for singing the song. Roo Savill has sung several TV commercials, including the Samsung Galaxy S-5 ad. This song does not have anything to do with the Tina Turner song, or the version by Seal, or any of the other ones, hence the title. I hope you enjoy the retro feel of this one! I also did a version of this for Line Dance Boards (Segway)
