TAGS: There are 2 easy 16 ct Tags:

The first Tag is after you have danced the first 32 counts of dance and you are facing 6:00 for the first time.

The second Tag is exactly like the first tag and the lyrics are exactly the same.

The second Tag happens after the third group of 32 cts of dance. You will be facing 6:00 for the second time.

The lyrics say," Do you need me? Do you think I'm pretty?" etc.

- 1-2 Right side rock then recover on left.
- 3&4 Cross right over left and again cross right over left.
- 5-6 Then you do same thing to other side: Left side rock then recover on right.
- 7&8 Then cross left over right and again cross left over right.
- 9-16 Now repeat these 8 cts again.

I hope you enjoy this dance and feel free to email me with any comments.
