I wrote this dance for my New Zealand workshop....

It's an easy dance, so I am hoping that everyone will manage it ok.

The syncopated variation steps at count 13-16 speed things up a bit, but also increase the degree of difficulty... I put them in for people who may manage them.

Don't know about you, but I love Kenny Chesney.. He always keeps it country.... And that is right up my alley and dear to my heart!

I've been in this industry for many years now... and on the earth for a much longer period of time... so I'm too old to change... and don't want to either... so how are YOU going? lol

See you on the floor sometime.... Jan
