* Draw an imaginary S in the air. The S will appear backward from the dancer's perspective, so that the orientation would be correct to an audience. Arc your right hand from left to right across the top of the S snapping in the center on count 6. Then swoosh down and snap again on count 7 as you arc the bottom of the S from left to right. (Knee pops occur simultaneously. Left knee on count 6, Right on count 7)

** C- equals the first 16 counts of part C with one adjustment.

In order to remain facing 12:00 when Part A begins, omit the 1/2 turn and instead touch the R beside the left on count 8.
