Start when music starts - 16 count intro

If you make a complete (full) turn on the initial dance pattern, the dance will always have a 12:00 o'clock home wall.

Otherwise, you should start the dance on the 9:00 o'clock wall so that you will end up with a 12:00 o'clock home wall

If you start the dance on the home wall with just a $\frac{3}{4}$ turn to begin with, your home wall will become the 3:00 o'clock wall.
